„Knight's tournament of the Children's chess kingdom“

The „Children's chess kingdom“ is a wonderful land. A lot of chess figures, the Royal family and very many children which have started to learn chess, live there. A wise King reigns the kingdom and his three daughters have just started to learn how to play chess together with other children. His majesty has decided to test what the children in his „Children's chess kingdom“ have already learnt. How will he do this? In a tournament, of course. So the King would like to announce the „Knight's tournament of the Children's chess kingdom“ and invites all children under 6 years of age to participate. You are wondering if you also belong to the Chess kingdom and if you can participate too? If you have already made friends with chess figures, welcome! No matter whether you are from Slovakia or any other country, there are no borders in the „Children's chess kingdom“.

What if it is just you - that valiant knight?

Do not miss the chance to prove it!
